THE STATE LEGISLATOR / LEGISLATIVE CANDIDATE PLEDGE

THE RECONSTITUTION RATIFICATION COMPACT
Pre-Ratification Commitment Under Article V of the U.S. Constitution
I, _____, do hereby solemnly swear and execute this binding contract to my constituents and the sovereign citizens of the State of _____ as an active [ ] State Representative / [ ] State Senator / [ ] Candidate for State Legislature.
THE SACRED OATH TO RATIFY:
I swear an unyielding oath to honor, preserve, and defend the original United States Constitution by supporting the addition of the precise safeguards and firewalls required to protect the human citizens of my district, exactly as our forefathers instructed under Article V. I explicitly acknowledge that the only relevant oath is an oath to the Constitution. Every other corporate directive, special interest rule book, party line, or private guild mandate is complete trash.
Therefore, I pledge my signature to support The Reconstitution, an open-source technical framework engineered to permanently weld the constitutional code shut. I commit my vote, my office, and my legislative platform to introducing and voting YES on the explicit resolution to call for a single-purpose Article V Convention to ratify The Reconstitution exactly as written, with zero amendments, zero compromises, and zero legislative alterations.
THE DIRECT CIVIL PENALTY FOR USURPATION:
If I violate this pledge, fail to vote for ratification, or coordinate with globalist lobbying cartels to bypass these structural firewalls, I acknowledge that this signed document serves as my automatic, immediate forfeiture of office and immediate resignation from my seat. Furthermore, under Article III, I stand completely stripped of all state-granted legislative immunity shields. I agree to stand completely naked before the law—facing immediate personal civil liability, criminal prosecution for High Treason against the social contract, and total personal asset liquidation evaluated straight by a randomized Common-Law Citizen Jury composed of 12 neighbors from my own economy.
